Docetaxel concentrate contains alcohol. Discuss with your doctor.

You must not take Docetaxel concentrate if:

- You have been advised not to father a child during and up to 6 months after treatment and to seek advice on conservation of sperm prior to treatment because docetaxel may alter fertility. You must not father a child during and up to 6 months after treatment.
- You have known allergies as described above (for example, to taxanes or other chemotherapeutic agents).
- You have had an allergic reaction to Docetaxel administration and to continue for one or more treatment cycles.
- You are pregnant.
- You are breast feeding.
- You are allergic to Taxus.
