Safe Harbor Statement

This presentation contains forward-looking statements and information that involve risks, uncertainties and assumptions. Forward-looking statements are all statements that concern plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact, including, but not limited to, those that are identified by the use of words such as “anticipates”, “believes”, “estimates”, “expects”, “intends”, “plans”, “predicts”, “projects” and similar expressions. Risks and uncertainties that could affect us include, without limitation:

- General economic and business conditions in India and other key global markets in which we operate;
- The ability to successfully implement our strategy, our research and development efforts, growth & expansion plans and technological changes;
- Changes in the value of the Rupee and other currency changes;
- Changes in the Indian and international interest rates;
- Allocations of funds by the Governments in our key global markets;
- Changes in laws and regulations that apply to our customers, suppliers, and the pharmaceutical industry;
- Increasing competition in and the conditions of our customers, suppliers and the pharmaceutical industry; and
- Changes in political conditions in India and in our key global markets.

Should one or more of such risks and uncertainties materialize, or should any underlying assumption prove incorrect, actual outcomes may vary materially from those indicated in the applicable forward-looking statements.

For more detailed information on the risks and uncertainties associated with the Company’s business activities, please see the Company’s Form 20-F for the fiscal year ended March 31, 2017, and Form 6-K for the quarters ended December 31, 2016, June 30, 2017 and September 30, 2017 and other filings with the Securities and Exchange Commission. Any forward-looking statement or information contained in this presentation speaks only as of the date of the statement. We are not required to update any such statement or information to either reflect events or circumstances that occur after the date the statement or information is made or to account for unanticipated events

Recent Business Highlights

Delivering affordable generic alternatives in Unbranded Markets

12 NEW PRODUCTS LAUNCHED IN
NORTH AMERICA SO FAR THIS FISCAL

Sevelamer Carbonate Tablets launched in the U.S. Market

- Affordable alternative for complex, limited-competition product
- Fourth limited-competition launch this fiscal year (after Doxorubicin Hydrochloride Liposome Injection, Bivalirudin for Injection, and Ezetimibe & Simvastatin Tablets)

Other Product Launches in the U.S.

- Melphalan Hydrochloride 50mg Powder for Injection
- Clofarabine Injection for Intravenous Use
- Metaxalone Tablets
- Cefixime for Oral Suspension

Pipeline Updates

- Positive DC outcome on Suboxone litigation
- Launch preparations on track for on near-term **big-ticket** launches
- On target for **20-25 filings** this year

Biosimilars and small molecule Oncology assets fueling global expansion

Successful launches of Oncology products in EM and EU

- Colombia, Brazil, Algeria, Spain, Italy

Reditux™ paving the way for the entry of upcoming Biosimilar assets in new markets

- Currently approved in 17 countries and available in 14

Launched four products in India through strategic collaboration with Amgen

Entry into more new markets in LatAm, Africa and Asia slated for H2 FY 18

Making a difference through Patient-centric Initiatives in Emerging Markets

Our first wave of patient-centric packaging has been received well

- Four India Star awards for patient-centric packaging (selected from 622 entries); now qualify for Asia star and World star awards
- Positive feedback from patients, doctors and pharmacists

Prototyping packaging innovations for patients in Russia

- Working with Geriatric Society to enhance therapy experience of geriatric patients
- Revamping packaging of OTC brands

Adherence programs

- After success in specialty care, we now have achieved scale in primary care with the CVAD adherence program in India

Push Tab feature in carton to serve as a reminder of when to have the medicine

Integrated flap that provides key information to the patient

Addressing unmet needs in Derma and Neurology

Commercial Updates

- First set of launches **Zembrace™** and **Sernivo™** ramping up well, continue to focus on accelerating the commercial business' path to profitability
- Promius Pharma recognized as an **emerging R&D driven commercial organization** in the neurology and dermatology communities

R&D Updates

- Developing robust R&D Pipeline – **Four assets** in Phase III and **Three assets** in Phase II respectively

BD Updates

- Out-licensing of **DFD-06, a topical high potency steroid**, to Encore Dermatology
- Global License and Commercialization Agreement for Phase III Clinical Trial Candidate (**DFA 02**) for **Mitigation of Surgical Site Infections** with CHD Biosciences

Our Quality Journey

WE ARE COMMITTED TO
EXCELLENCE IN QUALITY
AND TO BEING THE BEST
IN THE INDUSTRY

U.S. FDA Audit Updates

Sites Previously on Warning Letter

CTO 5: Three observations in audit - Received EIR

CTO 6: Two Observations in audit – EIR Awaited

FTO 7 Sterile Plant: Received EIR: compliance pending, anticipating re-audit in Q2/3 2018

FTO 3 Bachupally: Received EIR

Mirfield Plant: Concluded with three observations

Mexico: Concluded with zero observations

CPS Technology Development Center: Concluded with zero observations

FTO SEZ PU – 02: Received EIR

FTO SEZ PU – 01: Received EIR

Growth Roadmap

North America Generics: Growth driven by limited competition products

2017

2021

Portfolio

- Oral solid dosages account for almost 80% of the current revenues
- Injectables accounting for 20% of the revenues

- More than 50% of revenues to come from Injectables, Topicals and other complex dosage forms
- Initiate monetization of Biosimilars assets

Channel

- Retail is the predominant class of trade for the business contributing more than 60% of current revenues
- Current OTC presence broadly in private Label segment

- Specialized channels like Oncology Clinics, Hospitals, OTC are expected to form 60% of the mix
- OTC Brands to become relevant part of business

Customer

- Exclusive focus on trade partners across retailers, Distributors and GPOs

- Increased relevance of other stakeholders like Patients, Physicians and Payors

Plant

- More than 70% revenues reliant on internal manufacturing sites

- Diversified manufacturing network with almost 50% of revenues coming from partner manufacturing sites

India & Emerging Markets : Growth driven by patient centric initiatives

2017

2021

India

- Focus on mega brands expansion
- Improvement in new launch productivity

- Portfolio augmentation and productivity improvement
- Step-up in Chronic and Super-specialty therapies
- Strategic business development and M&A efforts
- Differentiated assets in relevant therapies
- Focus on new growth avenues [a] Institution / Corporate hospitals; [b] OTC and Nutritionals

EM

- Focus on mega brands expansion / improvement in field force productivity
- Launch of Biosimilar products in existing markets

- Leveraging the Complex generics / Biosimilar portfolio, across markets
- Increase depth in lead geographies of Russia, Brazil & China
- Expanding presence in new markets
- Selective business integration for OTC / differentiated assets
Augment the capacities by establishing local manufacturing capabilities

Biologics: Maximizing value of current assets in near to mid-term while pursuing global development

BIOLOGICS REVENUE HAS GROWN AT APPROX. 30% CAGR OVER THE LAST 10 YEARS

EU/US approval enabling studies initiated for pegfilgrastim

Rituximab and bevacizumab approval enabling studies for EU/US expected to be initiated in next 4 - 6 quarters

2 new molecules entering clinical development in next 12 months

Above diagram depicts calendar years

Biologics: Creating substantial value in long term from new portfolio choices while driving R&D productivity

FY20 Product Portfolio

6 commercial products; > 50 filings across 14 major countries

5 new products in clinical development

FY20 Business Profile

Emerging Markets Revenue: ~ \$150Mn

Developed Markets Royalties expected to Kick-in

FY25 Business Profile

Emerging Markets Revenue: \$300Mn – \$400Mn

Developed Markets Profits: > \$100Mn

EBITDA margin post R&D: > 35 %

Proprietary Products: Aspiring to build a \$400 million business by FY22 through a low-risk innovation model

- Established with the goal to address unmet needs of specific patient segments in Dermatology & Neurology
- Diverse portfolio of R&D assets with a track record of regulatory success
- Licensed three clinical stage assets to augment overall long term value of the portfolio
- Strong track record of commercial success – 33% CAGR top-line growth [FY11-FY17]

Specialty Dermatology Franchise

- 3 Products approved; 1 asset commercialized and 2 licensed
- Supported by 60 Sales Reps in 6 Regions

Specialty Neurology Franchise

- Introduced the Neurology franchise through the launch of Zembrace in 2016
- Supported by 45 Sales Reps in 6 Regions

FDA Approval for Four NDAs (organic pipeline assets) ➤ Two Launched April/May 2016

ZEMBRACE™ SymTouch™ (sumatriptan injection) 3 mg/ 0.5 mL
Sernivo™ (betamethasone dipropionate) Spray, 0.05%

KEY PRIORITIES

2018 Key Priorities

Strengthening Manufacturing & Quality

Create culture encouraging **Transparency** and **Compliance**

Creating Leaner and Flexible cost structures

Focus on Manufacturing and R & D Network **Rationalization**, Improving Plant Operating **Efficiency**, R&D **Productivity** and Portfolio **Optimization**

Assuring Long-Term Growth across all our businesses

Focus on delivering **Top 30 products** accounting for 50% of incremental growth

**Good
Health
Can't
Wait.**
