Celebrating World Ozone Day September 16

On World Ozone Day, we are pleased to announce our collaboration with Forest Department, Medchal District, Government of Telangana.

As part of the MoU signed with them, we have committed to raising dense Miyawaki type plantation of 40,000 plants in one hectare land of Keesra Reserve Forest Area, Medchal Malkajgiri District.

As an early adopter of sustainability as a fundamental pillar of our business and strategy, this is in line with our ongoing commitment to Environmental performance, Social impact and Governance (ESG) and to people, planet and purpose.

Good Health Can't Wait.
