Dr Reddy's launches generic Methylprednisolone Sodium Succinate for injection in US

Dr Reddy's Methylprednisolone Sodium Succinate for injection is supplied in 40 mg/vial, 125 mg/vial single-dose vials each carton containing 25 vials and 500 mg and 1 gm multi-dose vial each carton containing 1 vial

PTI • April 06, 2022, 12:00 IST

Pharma major [Dr Reddy's Laboratories Ltd](#) on Tuesday said it has launched its generic [Methylprednisolone Sodium Succinate](#) for injection, indicated for various conditions including arthritis, blood disorders and severe allergic reactions, in the US market. The injection is the generic equivalent of [SOLU-MEDROL](#) and has been approved by the [US Food and Drug Administration \(USFDA\)](#), the company said in a regulatory filing.

Dr Reddy's Methylprednisolone Sodium Succinate for injection is supplied in 40 mg/vial, 125 mg/vial single-dose vials each carton containing 25 vials and 500 mg and 1 gm multi-dose vial each carton containing 1 vial, it added.

generic versions had US sales of approximately USD 144 million for the most recent twelve months ended February 2022.
