Dr. Reddy's Unveils New Corporate Brand Identity

Hyderabad, India, July 01, 2015

For Immediate Release

Dr. Reddy's Laboratories (NYSE: RDY) today announced the launch of its new visual identity and brand, that will guide its actions across the globe: Good Health Can't Wait.

The new logo is an expression of Empathy and Dynamism, which helps keep patients at the center of everything that Dr. Reddy's does. Empathy helps gain rich insights into patients' needs, and Dynamism enables Dr. Reddy's to address these needs - innovatively and with agility. The heart depicts empathy and caring while the circles connote dynamism and responsiveness.

The company has also chosen a new corporate colour - Purple, which is associated with creativity and wisdom. Overall, the new identity speaks of Dr. Reddy's constant endeavour to understand the unmet and under-met needs of patients, and the swift action to solve them.

The objective of the rebranding exercise is to derive a unifying, patient-centric approach, to meet new and daunting challenges that patients are facing. With the healthcare scenario changing rapidly, it is important to be driven by a common goal that adds value to every touch-point for patients and partners alike.

The re-branding will be executed in two stages. In the first phase, the corporate brand has transitioned to the new identity. Phase two will see the new identity transitioning on to the company's product packaging.

The existing logo and brand identity will remain in place and valid until changes that are pertinent to legal processes, documentation and other regulatory or statutory changes are complete.
