

News monitored for: Dr. Reddys

THE ECONOMIC TIMES

In the 1980s, he founded what would become India's second-largest generics pharma company. In the 1990s, he pioneered new drug discovery in the country. In the 2000s, he sparked a mission to provide safe drinking water to all Indian villages. Yet, far from hanging up his boots, Kallam Anji Reddy is just about getting started, reports Gauri Kamath

The Unfinished Agenda

Dr Reddy's To-Do List

- A NEXT generation insulin sensitizer for type 2 diabetes, through an Indo-Chinese partnership
A NEW but cheaper alternative to Pfizer's blockbuster rheumatoid arthritis biologic Enbrel
A LIFE-sciences institute that gives India its next Nobel laureate
SAFE drinking water to all Indian villages by 2020
TRANSFORMING Dr Reddy's into an innovator company in 10 years
