

infuZe™

Program Overview

Enrol in the infuZe™ Program

- 1) Patient should consult with their Pharmacist.
- 2) Pharmacy will fill the patient's prescription with Dr. Reddy's Zoledronic Acid Injection 5 mg/100 mL.
- 3) The pharmacist may call on the patient's behalf or the patient may call the **infuZe™** Centre at **1-877-767-2260** to enrol. Enrolment entails basic patient information, desired clinic location and a suitable date for the appointment.
 - If there is a desired clinic not listed on Dr. Reddy's registry of participating clinics, enquire with the **infuZe™** representative. The representative will contact the clinic directly with details about joining the Dr. Reddy's registry.

After Enrolment in the infuZe™ Program

- 1) The **infuZe™** representative will setup the infusion appointment and call the patient to confirm.
- 2) A few days before the appointment, the **infuZe™** representative will call to remind the patient of his/her scheduled infusion appointment.
- 3) On the day of the appointment, the patient should bring the previously purchased/dispensed Dr. Reddy's Zoledronic Acid Injection 5 mg/100 mL to his/her infusion appointment.
- 4) There is no charge for the infusion services when a Dr. Reddy's Laboratories Canada Inc. Product is administered through participating clinics.
